EXPERIENCE

CodeClause, Remote — *Web development Intern*
October 2023 - November 2023

Worked as a web development Intern at Code Clause pvt.ltd. Developed three projects using HTML, Tailwind CSS, and JavaScript, gaining proficiency in Tailwind CSS and collaborating with remote teams to improve communication and project management skills.

EDUCATION

Christ Church College, Lucknow — *Intermediate*
April 2010 - February 2019

Dr. APJ Abdul Kalam Technical University, Lucknow — *B. Tech*
October 2021 - Present.

PROJECTS

Personal Portfolio │ view │ *React.js, Framer Motion & Tailwind CSS*
- Crafted with React js and Tailwind CSS with beautiful animations with Framer motion featuring my expertise and project highlights.

ToDo Nest │ view │ *React.js, Redux, Framer Motion & Tailwind CSS*
- Developed a to-do app with task completion tracking and customizable task tiles.
- Styled with Tailwind CSS and enhanced with animations using Framer Motion.
- Utilized local storage to preserve tasks across reloads within a beautifully animated UI.

Verbi.AI │ view │ Gemini(Google's GenAI), React.js*, Redux, Framer Motion & Tailwind*
- Currently Developing using React and Redux, integrating AI features such as tailored AI chat, custom-prompt translations, and AI grammar check.
- Implemented interactive UI components with Framer Motion and ensured responsive design with Tailwind CSS.

Poetica │ ~~view~~ │ *MERN,* Gemini(Google's GenAI), *Redux, Framer Motion & Tailwind CSS*
- Creating a social media platform tailored for writers using the MERN stack.
- Enhancing user experience with Tailwind CSS for styling and Framer Motion for animations.
- Implementing AI features including grammar checking, translation, and chat functionality.
- Enabling users to like and comment on posts to enhance engagement.

SKILLS

Web Technologies
- React.js
- Node.js
- Express.js
- TailwindCSS
- Framer-Motion

Data Base
- MongoBD

Tools
- Github

Programming Languages
- Java
- JavaScript

Interest Areas
- Front-end Web Development
- UI/UX
- Problem Solving
- AI and ML
